Letter of Reference

TENSLAB Sp. z o. o. Laboratorium Wytrzymałościowe Sp. K. provided us with services in the field of destructive testing for welding procedure qualification.

TENSLAB carried out the order reliable and on time. Their work is characterized by professionalism and comprehensive approach to the tasks. Their employees have high competence and experience.

We recommend the company due to excellent customer service. The commitment and professionalism of employees have allowed us to fully meet our expectations.

We recommend TENSLAB as a reliable and trustworthy specialist in the field of destructive testing (DT) for metallurgical products and welded joints made of metals and their alloys.

Kind Regards
